

gummy_bear

GB D T1

: product card

Gummy_bear armchairs evoke associations with popular jelly gummy bears. The furniture is intended for outdoor spaces (terraces, gardens), though it also comes in variants with wooden and metal bases, making it suitable for indoor spaces (relaxation areas, lobbies). The material used is a rotomoulded plastic, which guarantees durability, weather resistance and long service life, after which it can be fully recycled.

collection advantages

pouf and pot in one

An original product with a dual purpose. The pouf is both sturdy and lightweight. In a quick and easy way, it can be transformed into a designer pot.

tables

The single and double tables are the perfect addition to the collection. They are perfect for indoor and outdoor spaces: rest areas, lobbies, terraces and restaurant gardens.
