# collection advantages

## minimalist desks

Orte desks are characterised by minimalism in form. The combination of wood and metal makes Orte desks work well in a classic or modern study or office.

## mobility

Orte folding tables are the ideal solution for spaces that need to be frequently reorganised and adapted to current needs. Equipped with castors (including 2 castors with brakes), we can easily change the layout of a conference or lecture room.

## tailor-made to suit your needs

The foldable top of selected Orte table models allows vertical stacking. This saves space and makes the tables easy to transport.

LRS1

○

For those tables that are to be put together it is necessary to use connectors for a specific type of table. The connectors prevent the curling of the tops that are put together. Extended concepts of tables settings require a drawing from the customer.
