## SM HS 2x3

: product card

A modular, functional shelving system with a steel structure. Each shelving unit can be customised with a unique size and shape. Additional accessories like shelves, lockable cabinets, hangers and seats make the Saar system truly multifunctional. The shelving can be hung on a wall or used to divide an open space, build a counter and much more.

# collection advantages

## Function and nobility

A system of industrial shelves with a geometric construction that can be varied with seats, shelves and other accessories. These elements change the function of the furniture, giving it a unique form.

Saar is an extremely functional system for an office or reception, impresses with careful workmanship, attention to every detail and the use of durable and noble materials.

## Saar hang

Saar hang has narrower modules for hanging on the wall. Furniture organizes items placed on it and can be used to divide the office space, creating functional arrangements.

A wide range of varnishes, laminates and upholstery fabrics allows you to design an individual and functional product.
