technical data

All dimensions are in inches and refer to basic version products. The indicated dimensions can change depending on the selected equipment package. Bejot reserves the right to change selected elements and this may slightly affect the product's dimensions. In case of any special requirements on dimensions of a given product, the afore-mentioned information should be acknowledged by the Producer.

The specification does not constitute an offer within the meaning of the Civil Code.

Dimensions and weights are approximate and may vary by 5%. The data is given for the basic configuration of products. The requirements of the standard are always met.

- A seat height: overall dimensions
- B seat height: measured according to the norm PN EN 1335-1 with a load of 640N
- C chair height: overall dimensions
- D backrest height
- F chair width: overall dimensions
- G seat width
- H backrest width
- K height from the floor to the armrest
- M chair depth: overall dimensions
- N seat depth / seat length
